

ICI & IGBC

Indian Green Building Council

The institute has established Indian Concrete Institute (ICI), Indian Green Building Council (IGBC). It was formed with the primary aim of exposing potential civil engineers to the challenges of the profession. With both students and faculty as its members, the organization is one of the most active chapters. The chapter organizes activities like lectures by distinguished practitioners of the profession, video shows, competitions and socially relevant projects for the students throughout the year. It prides itself in the lively interaction between the students and faculty.

OBJECTIVES of ICI Chapter:

- To promote growth of concrete construction and its sub-specializations.
- To disseminate information and to arrange to train personnel for the needs of changing concepts in the technology.
- To collaborate with national and international agencies in creating better understanding of concrete construction technology.
- To identify R & D problems of practical relevance to concrete construction technology.
- To institute and distribute awards for outstanding achievements in concrete construction technology.
- To arrange periodical seminars and exhibitions on the subject and
- To arrange annual lecture series on selected topics of relevance to concrete constructions.

ICI & IGBC offers the following benefits to its members:

- Access to Information
- Platform for networking
- Opportunity to play an active role in the advocacy of green buildings
- Participation in local chapter activities
- Discounts for IGBC programmes and publications
- Discount in project registrations and certification fee
