OPEN HOUSE

Since 2015, the Open House Projects Showcase at VNRVJIET has become a highly anticipated annual event aimed at presenting exhibits and demonstrations of research and recent technology projects. This showcase provides a platform for students, faculty, and researchers to share their innovative ideas, cutting-edge developments, and breakthrough discoveries with the wider community.

At the heart of the Open House Projects Showcase is the commitment to fostering a culture of exploration, collaboration, and knowledge exchange. This event serves as a gateway for individuals to gain first hand exposure to the transformative power of research and emerging technologies. By bringing together diverse projects from various fields, the showcase offers a comprehensive snapshot of the advancements being made across a range of disciplines.

The primary objective of the Open House Projects Showcase is to bridge the gap between academia and industry. By highlighting the practical applications of research and technology, the event aims to inspire and engage both potential investors and industry professionals. This interaction allows for valuable networking opportunities, encouraging collaborations that can further propel these projects towards real-world implementation.

The Open House Projects Showcase also plays a pivotal role in nurturing and promoting an entrepreneurial spirit among students. By providing a platform to present their projects, it encourages them to develop critical skills such as effective communication, project management, and problem-solving. This experience equips them with the necessary tools to transform their ideas into tangible solutions, fostering a culture of innovation within the institution.

Details of activities are:
- Poster Presentations
- Project Exhibits

In 2015, the Open House Projects Showcase at VNRVJIET featured an impressive display of over 120 exhibits and demonstrations.

"Open House-2016" was held from February 29, 2016, to March 2, 2016, at VNR VJIET within the premises of the PG Block. The event was inaugurated by Dr. D. N. Rao, President, on February 29, 2016. It showcased a total of 143 posters, presenting projects from all departments

of VNR VJIET, as well as a team from BVRIT. The diverse range of posters displayed the research and innovation happening across various disciplines, further emphasizing the institution's commitment to academic excellence and the advancement of knowledge.

Open House Inauguration by Dr. D. N. Rao, President, Vignana Jyothi

"Open House-2017" took place from February 27, 2017, to February 28, 2017, at VNR VJIET in the premises of the PG Block. The event was inaugurated by Dr. D. N. Rao, President, on February 27, 2017. A total of 170 posters were presented, representing projects from all departments of VNR VJIET, as well as teams from other colleges. This diverse participation showcased the collaborative spirit and the exchange of ideas among institutions.

During the event, three prizes were announced for the Open House participants, with the following amounts: First Prize - Rs. 15,000/-, Second Prize - Rs. 10,000/-, and Third Prize - Rs. 5,000/-. This recognition of excellence served as motivation for the participants, encouraging them to showcase their best work and compete for the prestigious awards.

The scrutiny of the posters was conducted by a panel consisting of Dr. A.S. Rao, Dr. J. Viswanatha Rao, and Dr. Subodh Srivastava. Their expertise and knowledge ensured a fair evaluation process, considering the quality, innovation, and relevance of the projects presented.

Few Glimpses of Project exhibits done by students:

"Open House '19" marked the 5th year legacy of VNR VJIET and brought forth a renewed spirit of innovation among students. This edition of the event showcased a wide array of projects that not only demonstrated a practical approach but also paved the way for potential incubation. The collaboration between Open House and IEEE VNRVJIET added an extra dimension to the event, fostering an environment conducive to more enthusiastic and futuristic projects.

"Open House-2019" was held from March 8, 2019, to March 9, 2019, at VNR VJIET within the premises of the PG Block. The event was inaugurated by BALA PRASAD PEDDIGARI, SECRETARY - IEEE HYDERABAD SECTION, and TCS INNOVATION LABS on March 8, 2019. A total of 159 posters were presented, showcasing projects from all departments of VNR VJIET, as well as teams from other colleges. The participation from diverse institutions enriched the event and provided a platform for knowledge sharing and collaboration.

During the Open House, four prizes were announced to recognize the outstanding contributions of the participants. The prize amounts were as follows: First Prize - Rs. 15,000/-, Second Prize - Rs. 10,000/-, Third Prize - Rs. 5,000/-, and Consolation Prize - Goodies from Zebronics.

These prizes not only served as an incentive for the participants but also celebrated their innovative efforts and achievements.

The scrutiny of the posters was conducted by a panel consisting of Dr. D.N.Rao, Dr. A.S. Rao, Dr. B. Chenna Kesava Rao, and Dr. G. Ramesh Chandra. The expertise and knowledge of the panel members ensured a fair and thorough evaluation process, considering the quality, novelty, and impact of the projects presented.

"Open House-2019" reinforced VNR VJIET's commitment to fostering innovation, collaboration, and practical problem-solving among students. By providing a platform for showcasing their projects, this event inspired and empowered students to pursue their entrepreneurial aspirations and make a tangible impact on society. The event's collaboration with IEEE VNRVJIET further enhanced the event's significance and encouraged the exploration of cutting-edge technologies and future-oriented projects
