

VALLURUPALLI NAGESWARA RAO VIGNANA JYOTHI INSTITUTE OF ENGINEERING AND TECHNOLOGY

World Water Day

World Water Day is held annually on 22nd March as a means of focusing attention on the importance of freshwater and advocating for the sustainable management of freshwater resources. It is about taking action to tackle the global water crisis, in support of Sustainable Development Goal (SDG) 6: water and sanitation for all by 2030.

Programs will be planned by the Department of Civil Engineering so as to bring awareness among the stakeholders of the institute on water related issues. Lectures by expert speakers and some activities which involve students to gain knowledge on current issues, challenges, individual roles and community roles in conservation of water resources takes place.

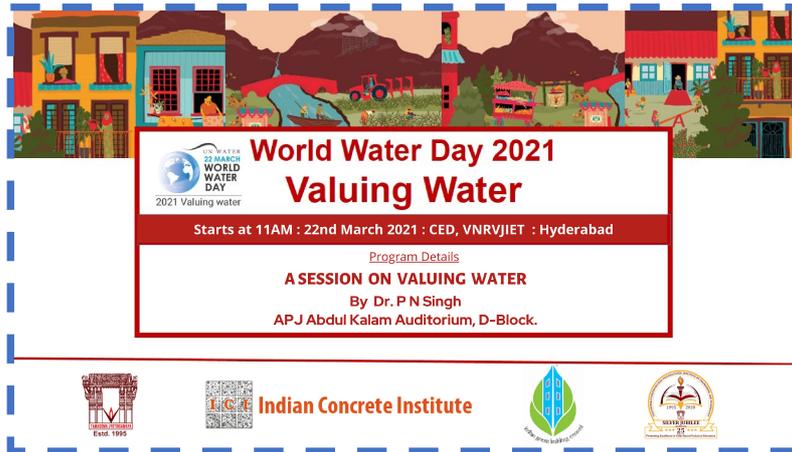

Details of activities are:

- Lectures
- Activities
