### Department of Civil Engineering

#### Professional societies / chapters

- The Department embraces budding Civil Engineers through Professional Student chapters:
  - **Civil Engineering Association (CEA)**
    - a. **Indian Concrete Institute (ICI) student chapter**
    - b. **Indian Green Building Council (IGBC) student chapter**
    - c. **Indian Geotechnical Society (IGS) student chapter.**
    - d. **The Institution of Engineers (India) (IEI) student chapter**
    - e. **Indian Society for Technical Education (ISTE) student chapter**
- The Department of Civil Engineering provides an opportunity to the students to enhance the overall education experience through a wide range of Extracurricular and Co-curricular Activities including social, cultural, intellectual, recreational and professional student chapters. Such activities enrich the lives of students and help them to fulfill their potential.
- Extracurricular activities are planned and executed through the Civil Engineering Association (CEA). CEA (Civil Engineering Association) is the professional student chapter of the Department of Civil Engineering established in the year **2003**.

#### Indian Concrete Institute (ICI) Student Chapter:

- Indian Concrete Institute (ICI) student chapter was established in the year **2012** and is a part of the ICI.
- ICI is a not-for-profit organization dedicated to the cause of disseminating knowledge on concrete, to promote concrete technology and construction and to address the research needs of concrete.
- **Impact:** The students were benefitted through the technical lectures and events organized by the ICI student chapter and 12 students received internships and placements in the Core company ACC Ltd., and many more

### Indian Green Building Council (IGBC) Student Chapter:

- Indian Green Building Council (IGBC) student chapter was established in the year **2017** and is a part of IGBC of the CII (Confederation of Indian Industry).
- The vision of IGBC is “To enable a sustainable built environment for all and facilitate India to be one of the global leaders in the sustainable built environment by 2025”.

**Impact:** A total of 90 number of students have competed the course on “Green Built Environment” and received the certificate from CII’s Indian Green Building Council (IGBC).

### Indian Geotechnical Society (IGS) Student Chapter:

- The Indian Geotechnical Society (IGS) student chapter was established in the year **2017** and is a part of the Indian Geotechnical Society (IGS).
- **Impact:** The IGS VNRVJiet chapter has organized a one-day workshop on “GeoPractices 2021” in association with JNTU Hyderabad and IIT Hyderabad on 27 Nov 2021.

- The Institution of Engineers (India) student chapter was established in the year **2017** and is a part IET.
- The vision of IET is “To promote the general advancement of engineering and their application”.
- **Impact:** The students were benefitted from the eminent Guest lectures on latest techniques and latest trends in Civil Engineering.

### Objectives of professional societies / chapters (CEA / ICI / IGBC / IET / IGS):

- These professional student chapters (CEA, ICI, IGBC, IET, and IGS) are owned and managed by the representatives of students and the faculty in-charge.
- These professional student chapters are very active in organizing the various engineering events and guest lectures by professional Engineers from Industry / ICI / IGBC / IET / IGS Hyderabad center to bridge the gap between the theory and the practice in the field. The student involvement in ICI / IGBC / IET / IGS activities helps them to shape themselves to face the challenges in the field, when they come out of the Institution and enhance their employability. The activities include
  - To disseminate knowledge to the students in the frontier areas of concrete and sustainable construction materials.
  - To identify R&D problems of practical relevance and the same problems shall be taken as academic projects at UG & PG level.
  - To arrange periodical seminars and exhibitions in concrete domain and sustainable green materials.
  - To arrange guest lectures on selected topics of relevance to concrete and sustainable construction.
  - To collaborate with the industry in creating the better understanding of concrete and sustainable construction.

- These professional societies / students chapters strives to create awareness among the student community in the latest trends and technologies related to the field of civil engineering and construction industry.
- The IGBC student chapter mainly focuses on taking the vision of IGBC to the student community by conducting competitions, campaigns etc. in green materials and technologies. This student chapter is actively involved in conducting the “World Green Building Week” celebrations every year since 2018. Also, the student members of the chapter participate in the IGBC’s Green Building Congress every year.
- The ICI student chapter organizes lectures by eminent personality in the field of concrete technology and latest construction practices and creates interest among the student community in the area of concrete research.

### Activities of professional societies / chapters:

- **A total of 34 number of various activities / events are organized these professional societies / chapters CEA, ICI, IGBC, IGS, IEI and ISTE in the last four years.**
- The students chapters CEA, ICI, IGBC, IEI, ISTE and IGS are very active and conducts frequently various engineering activities and events for the benefit of the student community.
- Few of the activities include
  - **Institutional Activities:**
  - Guest lectures from the Industry personnel / professional members of ICI / IGBC / IEI / IGS.
  - Technical symposiums
    - Conducted a two-day technical event “MONOLITH” in collaboration with National Institute of Technology Tiruchirappalli.
    - Conducted One-day technical Symposium “HORIZON”.
  - Participation of Student chapter members at the international events.
  - **Outside participation:**
  - Students participated at the international event “Green Building Congress 2019” conducted by the Indian Green Building Council at HITECH, Hyderabad.
  - **Societal Outreach Activities:**
