### Automation-Boon or Bane

Every coin has two sides. So does the enhancement in technology. When one side offers opportunities and confidence, the other plunges its harder truth in the fear of losing existing opportunities along with the white collar jobs. The Indian economy is in transition with the on-going impact of automation on the employment of certain population which are involved in industrial control and services sector. Though automation leads to creation of various new jobs(which are in need of high experience),the destruction of the jobs which are high in number with the present economic situation is even more concerning. Under controlled scenarios automation reduces the cost of a firm, leads to reduced corruption and bureaucratic discretion. It also increases the social economic infrastructural level which in turn attracts high range investments developing the country's national and international standards. Automation becomes a problem when higher number of jobs is at stake. The requirement of new jobs is freelancing at nature thus pressuring abnormal situations among employees. As we can clearly integrate the changes brought by this developing side of technology, let's hope for the right mix of solution to be brought in the varied interests of the economy as a whole.

### Message from HOD

Factual content and procedures that constitute the knowledge base of the discipline around the big ideas of the domain, links new knowledge to what is already known by presenting concepts in a conceptually and logically sequenced order that builds upon previous learning within and across grade levels. Some Interaction session are organized for faculty members of ECE & EIE like “Seizure Predictability and Study of sudden unexpected death in Epilepsy using machine learning and Association Measures”, by Dr.Bharat K Karumuri (USA) and Psychological Counselling Session for of I, II &III Year EIE students is organized by “Roshni”. Looking forward for an improved, bright and enthusiastic environment in the department.

## Seminars/Workshops/Training Programmes

- Internship Training for IV-year students has been conducted in the second half of the semester (Feb -April 2018).
- Design Thinking Certification Programme through Idea Labs for III Year B.Tech EIE students was conducted from 09/03/18 to 14/03/2018 by Mr. Avneesh Bhatnagar, Product Leader-CA Technologies, Ms. Shweta Verma, Design Lead-CA Technologies, Mr. Mukesh Marodia, Product Leader-Informatica, Mr. Ramesh Swaminathan, Product Leader-Informatica, Mr. Srikanth Rangavajhala, Senior Product Design Practitioner.
- Training Programme on Engineering Applications for IV EIE Students from 26/02/2018 to 18/04/2018 conducted by Experts from M/s.ACORN Embedded Systems, Hyderabad.
- Interaction session is organized for III & IV Year EIE Students and faculty members on "Functional near Infrared Spectroscopy (fNIRS)", by Dr. Tong Boon Tang, Associate Professor, Universiti Teknologi, Petronas, Malaysia on 09-03-2018.

- Interaction session has been organized for faculty members of ECE & EIE on "Seizure Predictability and Study of sudden unexpected death in Epilepsy using machine learning and Association Measures", by Dr.Bharat K Karumuri (USA).
- Psychological Counselling Session for of I, II & III Year EIE students is organized by "Roshni", a voluntary Organization, they will give lecture on "Stress, Distress, Suicidal tendencies tensions, isolations, Frustrations, Failure Problems & Financial Problems etc.", by Dr.Jyothi Priya, Psychiatrist on 15-03-2018.
- Campus Automation Orientation session was conducted in the department for Teaching & Non-Teaching Staff by Mr.G.Ramesh.
- Seminar organized for faculty members on "Electronic Warfare", by Sri Prem Chand, MD, SorokaSoft India Pvt. Ltd. on 17-02-2018.
- Conducted Knowledge Sharing Session on Instructional Design and Delivery Systems for Staff and Students by Madhusudhan Kulkarni, S.Bhargav & B.Supraja, Asst Professors, EIE Dept. during 20<sup>th</sup>-22<sup>nd</sup> Feb 2018.

## Guest Lectures Organized

- The Department of Electronics and Instrumentation Engineering has organized a guest lecture on "Process control Instrumentation" on 27th January 2018, for III B.Tech EIE-I & EIE-II students to educate them about Role of Instrumentation Engineers and Career Opportunities in Process Industries. The Resource person for the session is Mr. Yogesh Kumar Bhatnagar, Senior Control & Instrumentation Engineer, at Worley Parsons India Ltd, Singapore (Hyderabad branch).

- Organized guest lecture in the department on "Relevance EI engineers in process and manufacturing Industry" by Mr. D.Ravindranath, Former Associate Vice President Engineering & Amp; Projects , Vedanta Aluminum Limited, Lanjigarh, Orissa for II EIE – A & B section students on 29-01-2018.

- Organized guest lecture in the department for III Year EIE Students on "A Walk - Through IoT Architecture Protocols, case studies & Idea-Prototype -Product", by Dr.S.V.Srikanth, Principal Technical Officer, CDAC, Hyderabad on 21-03-2018.

- Department of EIE has conducted a guest Lecture for III & IV Year B.Tech EIE,ECE,EEE,CSE & IT Students on "Seizure Predictability and Study of sudden unexpected death in Epilepsy using machine learning and Association Measures", by Dr.Bharat K Karumuri (USA) on 15-03-2018.

## Faculty Participation

- G.Vamsi Krishna & N.Akshay, Asst. Professors along with 5 final year students went to M/s. ACORN Embedded Systems Pvt. Ltd. for student's industry projects.
- Dr.R.Manjula Sri, Assoc.Professor & Head , S.Pranavanand, Assoc.Professor, P.V.Gopi Kumar, Asst.Professor, EIE Department visited SOROKASOFT INDIA PVT LTD, Hyderabad to discuss on Student's Projects and Internships on 09-01-2018.
- Dr.R.Manjula Sri, Assoc.Professor & Head attended an event on "MAKE-A-THON- organized by IEEE VNRVJIET as jury member on 10-01-2018.

- G.Nageshwar, Assoc Professor, attended Saarang Programme at IIT, Chennai, during 10<sup>th</sup>-14<sup>th</sup> Jan 2018.
- Dr.C.Kiran, Assoc Professor, has participated in a National Seminar on "Setting Technological Standards and Strategy for Higher Education", Organized by Centre for Education Beyond Curriculum(CEDBEC) on 1st and 2nd Feb 2018 at CHRIST (Deemed to be University) Bengaluru.
- Dr. K.Vidya Sagar, S.Pranavanand, Dr.C.Kiran, K.Sudha Rani and V.Nareshwar have attended one-day workshop on "How to Write Good Project Proposals" on 23-02-2018.
- J. Jyothirmmai, D. Srilaxmi, P. Sampurna Lakshmi, D. Swetha have attended a "Minutes of Knowledge Sharing Session" on "INSTRUCTIONAL DESIGN AND DELIEVERY SYSTEMS" from 20<sup>th</sup>-22<sup>nd</sup> Feb 2018 at National Instruments Academy Lab.

## Message from HOD

A curriculum for understanding is intentionally designed following the organizing principles and essential concepts of the domain and provides opportunities for in-depth exploration in a variety of contexts. Such a curriculum emphasizes depth of understanding over breadth of coverage. It is designed to provide genuine opportunities for high-quality instruction and multiple points of entry into fields of engineering. For that the workshops conducted are CRT Classes on C, Data Structures, JAVA, Robotics, Training programme on “PCB Design Layout” using KI-CAD Software”, “CLAD” , “SQL” , “PLC SCADA” Certification Course. The interest levels of students were high and we planning to go more advanced thereby conducting more innovative training programs.

## Seminars/Workshops/Training Programmes

- Conducted an internship program for EIE IV year students during 2nd half of semester (Feb-April, 2018).
- I year EIE students have attended an Inspirational Lecture on "The role of youth in fostering the development of India". by Sri. V.V. Laxminarayana, IPS on 07th April, 2018.
- Department of EIE organized Certification course on "Python Programming", for III Year II Section students of EIE, by Dr. Manish Jain, Corporate Trainer from IFDE Infotech, Indore, Madhya Pradesh during 9th-13th April 2018.

- Conducted a one-day workshop on "Scientific and Technical Drafting using LATEX ", in NI Lab (C-204), Dept. of EIE, VNRVJIET for M.Tech students on 12th June 2018.

- Department of EIE organized Certification course on "Python Programming", for III Year II Section students of EIE, by Dr. Manish Jain, Corporate Trainer from IFDE Infotech, Indore, Madhya Pradesh during 11th-15th June 2018.

- Department of EIE organized Certification course on "Python Programming", for II Year I Section students of EIE, by Dr. Manish Jain, Corporate Trainer from IFDE Infotech, Indore, Madhya Pradesh during 18th-22nd June 2018.

- Department of EIE organized Certification course on "Python Programming", for II Year II Section students of EIE, by Dr. Manish Jain, Corporate Trainer from IFDE Infotech, Indore, Madhya Pradesh during 25th-29th June 2018.

- Department of EIE organized a one-day workshop to the faculty members of all departments on "Scientific and Technical Drafting using LATEX ", by Dr. B. Raja Shekhara Reddy, Asst. Professor, EIE.

## Faculty Participation

- Dr. Chakravarthula Kiran, Assoc.Professor, EIE visited ALEAP and interacted with its President Mrs. K Ramadevi, along with Dr. N. Sandhya and Dr.G. Ramesh Chandra. As a part of the visit, he went to Lyophilization Systems India Pvt. Ltd., Sirius Solar Energy Systems Pvt. Ltd. and a Biotech company. Students who won the recent Idea Pitch competition held by ALEAP on 10<sup>th</sup> March 2018 at VNRVJIET also accompanied. III B.Tech. (EIE) students Chaitanya Sesha Manoj Prathipati, Venkata Lakshmi Kundrapu, Krishna Sravya Mandavilli were among the winners who accompanied Dr. Kiran.
- Dr.C.Kiran, Assoc Professor attended 1-day Conclave "The 1st DOT" at T-Hub, as the SPoC at VNRVJIET for J-Hub on 27-04-2018.
- **Dr. K. Sudha Rani, Assoc. Professor, EIE completed her PhD Degree in Bio Medical Instrumentation.**

- International Day of Yoga-2018 celebrated in the department on 21st June 2018.
- Dr. Chakravarthula Kiran, Associate Professor, attended the launch of the 2-week certification programme, ORL Makers Garage 2k18 (OMG 2k18), at the Institute as the event's Coordinator.
- Dr. Chakravarthula Kiran, Associate Professor, attended the 6-week EXCITE Product Engineering Workshop being coordinated by the J-Hub as the SPoC for J-Hub activities at VNRVJIET.
- Dr.K.Vidya Sagar, Professor, attended workshop on "Induction Program for I Year Students", organised by JNTUH ,Hyderabad. During 17th-19th May 2018.
- Dr.C.Kiran, Assoc Professor, EIE Visited Vignana Jyothi Public School as a Resource Person along with Dr. Sandhya Nadella (Prof.-CSE) for a 1-day Design Thinking workshop to the teachers of VJPS on 08-06-2018.
- S.Nagarjuna Chary, Asst.Professor visited Automation Solutions for lab equipment verification and inspection.
- S.Nagarjuna Chary, Asst.Professor attended two day workshop on DCS/PLC by Yokogawa banglore during 14th-15th June 2018.
- S.Pranavand, Assoc Professor, attended Tech Fiesta 2018 at Capgemini, Gachibowli, Hyderabad on 14-06-2018.
- B.Goutam, Asst.Professor attended 6 day faculty development program on "Adoption of FOSS for effective Teaching & Learning in Engineering", at CMR College of Engineering & Technology, Hyderabad from 18th-23rd June 2018.

## Industrial Visits

- III year EIE-I students visited "M/s. Signode India Limited,," on 04-04-2018 .

- III year EIE-II students visited "Precision Components Corporation" on 06-04-2018 .

- II year EIE-I and EIE-II students visited "unit D-2 Hindustan Coca- Cola Beverages, Hyderabad" on 06-04-2018 .

- III year EIE-I students visited "M/s. Clonz Biotech Private Limited" on 07-04-2018.

- I year EIE students visited "M/s. Indian National Centre for Ocean Information Services (INCOIS)" on 21-04-2018.

## Message from Faculty

It gives me immense satisfaction that next issue of EIE times is ready for the readers. A department Newsletter mirrors the success story of our students and act as a great medium to reach out to the outer world. It reflects upon the persistent and committed efforts made by faculty, staff and students for taking the institution one step ahead. Continuing the same tradition, this issue of EIE TIMES, reflects upon commendable contribution made by all members of our department in their fields of expertise as well as for the overall growth of the college. I congratulate everyone for their bit of service for the institution and do expect the same in times to come.

## Students Achievements

- Shreya Iyer (15071A1044) of IV Year EIE Student got Internship in AIESEC, Damietta, Egypt.
- 10 students from IV Year & 2 students from III Year took part in Automation and SCADA, industrial automation application design conducted by “SEIMENS” on 2-7-18 to 6-7-18.
- PLVS. Adithya (15071A1034), Shreya Iyer (15071A1044), Sravan Hemchand (15071A1010), C.Aditya Raj (15071A1027), G.Sukesh (15071A1050) have presented their project “Garden Based Amigo (Plant Monitoring System)” on 16-08-2018 in “SHOW AND TELL”.

- AKS.Hemanth (15071A1003), C.Sri Chakrapani (15071A1014), DVS.Rishitha (15071A1016), P.ChaitanyaManoj (15071A1042), Ibadulla Baig(16071A1007) have presented their project “Kittance (Your Kitchen Assistant)” on 16-08-2018 in “SHOW AND TELL”.

## Students Achievements (Contd.)

- M Krishna Sraavya (15071A1030), S Shravani (15071A1047), A Kanchana Valli (15071A1061), G Krishna Chaitanya (15071A1076), M Venkata Hardeep Reddy (15071A1090), Muddana Sahithi (15071A1092), Mamidala Sanjana (16075A1013) of IV Year EIE were selected for Siemens internship programme.
- Turlapati Sri Varshini (15071A1054), Sai Warshitha M (15071A10B0), of IV Year EIE were shortlisted for final skype interview with the MD of UXREACTOR.
- Pothineni Eswar Chandra (16071A1041), Velagapudi Pavani (16071A10B7), Posimreddy Susvitha Reddy (17071A10A2) have presented their project "PROSTHETIC LEG" on 20-09-2018 in "SHOW AND TELL".
- Pothineni Eswar Chandra (16071A1041), Velagapudi Pavani (16071A10B7), have presented their project "3D Printing Technology for Biomedical Application" on 22-09-2018 in "SHOW AND TELL".
- Yoshika Talasila (18071A10B4), B. Deepika (17071A1015), S. Sriya (17071A10B1) of I & II Year Student participated in Basket Ball Women's Winner in Inter Engineering Collegiate Sports Fest for Men & Women (SREEVISION-2018) held at Sreeniddhi Institute of Science & Technology, Ghatkesar, Medchal. Dist on 15<sup>th</sup>-23<sup>rd</sup> Sep 2018.
- Yoshika Talasila (18071A10B4), B. Deepika (17071A1015), S. Sriya (17071A10B1) of I & II Year Student participated in Basket Ball Women's Winner in National Inter Engineering College Sports Meet (AURA-2018) held at CBIT, Gandipet on 18<sup>th</sup>-20<sup>th</sup> Sep 2018.
- BVSS. Sri Harsha (18071A1006) of I Year participated in Men's Cricket Winner in National Inter Engineering College Sports Meet (AURA-2018) held at CBIT, Gandipet.

## Research and Development (R&D)

- Three Project Proposals from the department has been submitted to Science and Engineering Research Board (SERB) under Early Career Research (ECR) Award Scheme.
  - 1) **Project Title:** Detection of Brain Tumor and 3D Printed Prosthetics from MR Images.  
**Principal Investigator:** Dr.K.Sudha Rani
  - 2) **Project Title:** Real Time Evaluation of Multi Model Based Control Strategies for MIMO Non-Linear System through SCILAB Interface.  
**Principal Investigator:** Dr.Raja Sekhara Reddy B
  - 3) **Project Title:** Design and Development of Human Detection Rescue Hexapod Robot in Disaster Zones.

## Seminars/Workshops/Training Programmes

- Certification Course for III year students was held on 25<sup>th</sup> – 26<sup>th</sup> June 2018 on “Python training” by Mr.Manish Jain..
- A seminar on Ion Thruster by Akanksh was held for II year students on 16<sup>th</sup> Aug 2018.
- IV Year Students had visited to Vardaman College project demonstration on 23<sup>rd</sup> Aug 2018.
- Conducted Certification Course for EIE students on 1<sup>ST</sup> – 3<sup>RD</sup> August 2018 on “Internet of things” by M/s ORL Industries.

- A hackathon was held on “Internet of things” on “10<sup>th</sup> -11<sup>th</sup> Aug” for 4<sup>th</sup> year EIE students.
- Introductory and Demonstration session was held on “Virtual lab” for III year students in “Mrs. B. Sravanthi, Project Engineer, Virtual Labs, and IIIT Hyderabad ”on“ 21st Aug 2018”.
- ISOI Association conducted “Fresher Day & Matrixing for I Year EIE Students” on “25-08-2018”.
- A Talk on The Future of Work in the Era of Big Data and Artificial Intelligence” by Faculty members from the Arizona State University (ASU) in the USA for III Year students on 19<sup>th</sup> september 2018.
- Seminar on “**A practical approach in MATLAB**” for 1st year M.Tech students on 25<sup>th</sup> September 2018.

## Guest Lectures Organized

- Organized Awareness Talk on“**The UES of Indian Navy**”, for the IV year EIE students by Captain P.C. Sekhar on 21.07.2018.
- Organized a guest lecture for III Year EIE-1 & 2 section students on “Role of Instrumentation Engineers in the Field of Life Sciences”, under Bio-medical Instrumentation, the course of study during III B.Tech I Semester by Mrs. Vagula Mary Chandravathi, Professor, Dept. of Biology, Gannon University, Square Erie, Pennsylvania, USA.

## Guest Lectures Organized (Contd.)

- Organized a guest lecture session that includes two sessions “Cardiovascular Physiology and Instrumentation used in the assessment of Health” and “Electrophysiology of Heart - An Introduction”, on 23rd of July, 2018, for III B.Tech EIE-I & EIE-II to educate them about importance of Cardiovascular system, its functioning, instrumentation involved in physiological parameter measurement and their usage for Health Assessment. And importance of Electrophysiology of Heart and ECG analysis. The Resource people for these two sessions are Prof. Mary C. Vagula, from Gannon University, USA and Dr. Sudarshan Nelatury from Penn State University, USA.
- Organized a Guest lecture for II Year EIE Students of both section on “**Introduction to Solar Plant Installation**” by Mr. Sandeep. V, Founder of Ms. ArcedonSolars Pvt. Ltd. on 15<sup>th</sup> September 2018.
- Organized a Guest Lecture for III Year Students on “Cyber Crime and Forensics”, by Mr. U.Ramamohan Rao, Superintendent of Police, Cyber Crime Department, CID, T.S, Hyderabad on 28-09-2018.
- Guest Lecture is Organized for III Year Students of EIE on “**Instrumentation in Oil & Gas Industries**”, by Mr Yogesh Kumar Bhatnagar, Sr.Control & Instrumentation Engineer, WorleyParsons India Ltd in on 29-09-2018.

## Faculty participation

- S.Vandana, D.Srilaxmi, S.Sampurna Lakshmi & S.Bhargav, Asst Professors of EIE attended 3-day Workshop on MATLAB organised by department of ECE in collaboration with Math works, Bangalore. From 29th-31st Aug 2018.
- Dr.R.Manjula Sri, Dr.K.Sudha Rani, M.Hari Krishna, Anitha Kulkarni, V.Nageshwar attended a seminar on “**A practical approach in MATLAB**” by Ms.Loren Shure is a principal MATLAB developer from the University of California, San Diego on 25-09-2019.
- V.Nageshwar, Assoc. Professor attended seminar on “**44<sup>th</sup> Anniversary Celebrations of ISOI Chapter's Foundation Day**”, on 26-09-2018 in Department of Physics, University College of Science, Osmania University.

### Automation-Boon or Bane

Every coin has two sides. So does the enhancement in technology. When one side offers opportunities and confidence, the other plunges its harder truth in the fear of losing existing opportunities along with the white collar jobs. The Indian economy is in transition with the on-going impact of automation on the employment of certain population which are involved in industrial control and services sector. Though automation leads to creation of various new jobs(which are in need of high experience),the destruction of the jobs which are high in number with the present economic situation is even more concerning. Under controlled scenarios automation reduces the cost of a firm, leads to reduced corruption and bureaucratic discretion. It also increases the social economic infrastructural level which in turn attracts high range investments developing the country's national and international standards. Automation becomes a problem when higher number of jobs is at stake. The requirement of new jobs is freelancing at nature thus pressuring abnormal situations among employees. As we can clearly integrate the changes brought by this developing side of technology, let's hope for the right mix of solution to be brought in the varied interests of the economy as a whole.

## Message from HOD

The great aim of education is not Knowledge but action.

-Herbert Spencer.

As truly said in the quote, Education is always exciting but demanding to experience the new. It depends on range and complexity of choice that one makes to decide one's future. Today there is paradigm shift in the whole process of education and it is all about embracing the best of the skills and talents to compete with the world.

Our goal at VNRVJIET is to prepare students for the challenges and enable them with the skill set to face them confidently. The academic activities concentrate on helping the students to gain an excellent theoretical knowledge base and in the department skills to implant them. I am proud of significant accomplishments of our students and the results that the department of EIE has achieved. I wish the students a bright and scintillating future ahead.

**Dr. R. Manjula Sree**

## Students Achievements

- Three Students from I & II year EIE have participated in Inter Collegiate Tournament in Badminton and Basket ball Events at MLRIT, Dundigal, Telangana, conducted on 5<sup>th</sup> and 6<sup>th</sup> Oct 2018 and got Runners in Badminton and Basket Ball.
- P. Juhi Mohan (18071A1044) of I-Year EIE-1 participated in "South India Inter University Badminton Championship" held at VIT University, Vellore, Tamilnadu State during 04-12-2018 to 06-12-2018.
- Mr. Vaibhav Vardhan Alumni student of EIE has given a guest lecture to II Year EIE Students on "Design Thinking", on 21-12-2018 during 2:40PM to 3:40PM. 125 students were attended the lecture.

## Seminars/Workshops/Training Programmes

- Organized a seminar for I-Year EIE students on "Introduction to the entrepreneurship skills" by Dr. R. Hafeez Basha (Japan) CTO & GOV Liaison, Station-H Corporation (non-profit) on 27-10-18.

- Department of EIE conducting a Workshop for IV Year EIE Students on "**Internet of Things**", in association with **M/S. ORL Industries**. As a part of the course it is planned to conduct a **Hack-A-Thon** event during 26-10-2018 at 5PM till 27-10-2018 at 5PM.

- Conducted 5-day Certification Course for IV Year EIE-2 section Students on "IoT Programming" during 08-10-2018 to 13-10-2018 for 69 students.

Resource persons: Experts from **ORL Industries**.

- Department of EIE has organized a 3-Day workshop for faculty members on "**Technical Paper Writing**", by Dr.K.Sudha Rani, Assoc Professor, during 5<sup>th</sup> -8<sup>th</sup> Nov 2018 during 12:30pm to 2:30pm in MPMC Lab (C-205). 23 faculty members from EIE and 2 faculty members from ECE Attended the workshop.

## Seminars/Workshops/Training Programmes(Contd.)

- Department organized one day Session on “WIT & WIL – Scenario Preparation – approval by industry expert” by Mr.M.Hari Krishna, Assoc.Professor, EIE and Mr.B.B.Shabarinath, Asst.Professor, ECE on 20th Nov 2018 at 2:00PM in Room No – C-204 (NI Academy Lab). 18 faculty members from the department attended the session.
- Organized Guest Lecture for II Year EIE Students on “Introduction to IoT and its Block Chain Application”. By Mr.Dr.Manish Jain,Corporate Trainer, IFDE Info Tech. on 26<sup>th</sup> Dec 2018 at B-Block Seminar Hall.

## Guest Lectures Organized

- Organized guest lecture for I Year EIE Students on “IT opportunities for Instrumentation students”, by Ms. InturiReshmitha, HR, TCS on 04<sup>th</sup> December2018.
- Organized guest lecture for II Year EIE Students on “GATE”, by Mr. Bandari Sandeep, from T.I.M.E institute on 05th December 2018.

## Faculty Achievement

- **S. Pranavanand, Associate professor has completed his PhD on 31-12-2018.**

## Faculty Participation

- Mr.Nageshwar, Assoc.Professor, attended one day seminar on ISOI chapter at Osmania University, Hyderabad on 04-10-2018.
- Dr.C.Kiran,Assoc.Professor, attended one day conference on third edition of Confluence 2018 Extreme Automation Conference at Green Park on 13-10-2018.
- Mr.M.Hari Krishna, Assoc.Professor attended one day Workshop on "Arduino for Electrical Engineers" at IIT Hyderabad on 27-10-2018.
- B. Madhusudhan Kulkarni, Asst.Professor, EIE got full time Ph.D admission in Centre for Human Diseases, Department of Biological Sciences at Birla Institute of Technology and Science, Pilani Hyderabad Campus.
- D.V. Shobana, Sr.Asst.Professor and J. Jyothirmmai, Asst. Professor attended 3 day workshop on "Bio Medical Instrumentation" in CVR Engineering college from 01-11-2018 to 03-11-2018.
- D. Srilaxmi, Asst.Professor, EIE attended Faculty Development Centre (FDC) sanctioned by the Ministry we would be conducting Faculty Induction Programme for the teachers working in the field of Higher Education, under the Scheme of Pandit Madan Mohan Malviya National Mission on Teachers and Teaching (PMMMNTT) held at Mahatma Gandhi National Council of Rural Education (MGNCRE), Hyderabad from 01-11-2018 to 29-11-2018.
- Dr.R.Majula Sri, Professor & Head,S. Vandana & H. Renuka, Asst. Professors, enrolled for IEEE Blended Learning program, a certificate course on "Embedded Computing for IoT Systems" from 4th November 2018 to 02nd February 2019.
- D. Srilaxmi, Asst.Professor, EIE attended Faculty Development Centre (FDC) sanctioned by the Ministry we would be conducting Faculty Induction Programme for the teachers working in the field of Higher Education, under the Scheme of Pandit Madan Mohan Malviya National Mission on Teachers and Teaching (PMMMNTT) held at Mahatma Gandhi National Council of Rural Education (MGNCRE), Hyderabad from 01-11-2018 to 30-11-2018.

## Faculty Participation

- Mr.S.Pranavananad, Assoc.Professor, EIE attended International Conference on “Experimental Analysis of Novel Hybrid scheme for SFHTS”, Organized by IEEE Malaysia Chapter & University Technology MARA, Malaysia during 14<sup>th</sup>-15<sup>th</sup> Dec 2018.
- Mr.S.Pranavananad, Assoc.Professor, EIE attended Research Review Presentation on “PRISM- A Novel Lowcost Device to EBB the Proliferation and Eradicate the Water Hyacinth Plants in Water Bodies”, at DSIR, New Delhi on 20<sup>th</sup> Nov 2018.
- Dr.K.Sudha Rani, V.Nageshwar, Assoc. Professors and D.V.Shobana, G.VamsiKrishn&P.Gopi Kumar, Asst.Professors of EIE attending 2 - Months Course Presentation Skills on “Sharpen your saw in Effective Presentation Skill”, organized by Department of H & S, VNRVJiet duration of the course if from 7<sup>th</sup> December to 7<sup>th</sup> February 2018.

- Dr.K.Sudha Rani, Assoc Professor,attended International Conference on “Brain Tumor Detection using Supervisory Nearest Neighbor Algorithm”, and “3D Tumor segmentation using Surface Rendering Technique”, in ICCCS -2018 on 2<sup>nd</sup> Dec 2018.
- H.Renuka, Asst. Professor, Attended 6-days Faculty Development Program on “Real Time Embedded Systems and IoT; It's Applications” (RESIoT), at Department of ECE, Vasavi College of Engineering (Autonomous), Ibahimbagh Hyderabad during 17<sup>th</sup>-22<sup>nd</sup> Dec 2018.
- Dr. Chakravarthula Kiran, Associate Professor-Dept. of EIE, has delivered an Invite Talk on “IoT and Ethics” at JNTU-Hyderabad, as a part of the UGC-HRDC “3-week Refresher Course on Internet of Things” from 12:00 noon to 1:30 p.m.

## Industrial Visits

- Organized Industrial Visit for II Year EIE -2 Students to "M/s. Hindustan Coca-Cola Beverages, Hyderabad unit D-2, Survey No.169, Industrial Estate, 502319, Ameenpur, Miyapur, Ganesh Nagar, Ameenpur, Miyapur, Hyderabad" on 29-12-2018. II Year EIE - 2 students from 10:00AM to 12:00PM along with S.Nagarjuna Chary and S.Vandana, Asst.Professors, EIE visited the industry.

## Research and Development (R&D)

- Mr. S. Pranavanand presented the proposal "A Novel Lowcost Device to EBB the Proliferation and Eradicate the Water Hyacinth Plants in Water Bodies", at DISR, New Delhi for funding under PRISM Scheme.
  - Funding Amount: Rs 17.03 Lakhs.
- Mr.S.Pranavananad, Assoc.Professor, EIE registered our Institute under Institute Innovation Council, MHRD, Govt, of India degrading "Formation of Institute Innovation Council at VNRVJIET", at AICTE New Delhi on 2nd Dec 2018.
- Mr.S.Pranavananad, Assoc.Professor, EIE has successfully defended his dissertation at JNTUH, Hyderabad on 31<sup>st</sup> Dec 2018.
- Mr.S. Nagarjuna Chary, Asst.Professor, got admission in Ph.D at Annamalai University.
  - Area of Speciation - Bio Medical Engg.
  - Guide Details - Dr.N.Vinoth, Asst.Professor, EIE, MIT Campus.
- Dr.S.Pranavanand, Assoc Professor, EIE has got Best Presenter Certificate for his paper entitled "Experimental Analysis of a Novel Control Scheme Developed for Single Fluid Heat Transfer System", in 2018 IEEE Conference on Systems, Process and Control (ICSPC2018) during 14<sup>th</sup> -15<sup>th</sup> Dec 2018 at Melaka, Malaysia.
- Mr. S. Pranavanand presented the proposal "A Novel Lowcost Device to EBB the Proliferation and Eradicate the Water Hyacinth Plants in Water Bodies", at DISR, New Delhi for funding under PRISM Scheme.
  - Funding Amount: Rs 17.03 Lakhs
- EIE faculty have published a total of 4 papers in International Conferences and 7 papers in Reputed International Journals.

## Message from HOD

Factual content and procedures that constitute the knowledge base of the discipline around the big ideas of the domain, links new knowledge to what is already known by presenting concepts in a conceptually and logically sequenced order that builds upon previous learning within and across grade levels. Some Interaction session are organized for faculty members of ECE & EIE like "Seizure Predictability and Study of sudden unexpected death in Epilepsy using machine learning and Association Measures", by Dr.Bharat K Karumuri (USA) and Psychological Counselling Session for of I, II & III Year EIE students is organized by "Roshni". Looking forward for an improved, bright and enthusiastic environment in the department.

## Industrial Visits

### MYLAN Laboratories Limited company

- Department is organized Industrial visit for III Year EIE-1 students to M/s. Mylan Laboratories Limited (Unit-2, Astrix), Gaddapotharam, Ranga Reddy, Hyderabad. on 25-01-2019. 69 students accompanied by 5 faculty members in two batches from the department.
- Batch -1 of 29 students accompanied by Mr. K,Vijay Chandra and Mr.K.Ranga Sai, Asst.Professors.
- Batch -2 of 31 students accompanied by Mr.K.Nagarjuna Chary, Mr. G.Vamsi Krishna and Mr.S.Bhargav, Asst.Professors
- Students of Electronics and instrumentation engineering III-II sem (A-section) visited MYLAN Laboratories Limited company on 25-01-2019, total class 69 no's visited company in two batches. Students are able to understand the complete concepts of instrumentation in mylon company ltd. plant director addressed the students to brief about the mylon company and two Engineers are assigned for two batches. Students visited manufacturing site and Quality assurance site in two batches. brief explanation of each equipment by the experts are very helpful to the students, Process control subject, AI subject concepts are thoroughly used in mylan industry. Students are able to cope up all the concepts related to their subject. It is very useful to the students to get complete knowledge on plant and instrumentation role in industry.

## Hindustan Coca- Cola Beverages, Hyderabad

- Industrial Visit is organized for II Year EIE -1 Students to “M/s. Hindustan Coca-Cola Beverages, Hyderabad unit D-2, Survey No.169, Industrial Estate, 502319, Ameenpur, Miyapur, Ganesh Nagar, Ameenpur, Miyapur, Hyderabad” on 28-03-2019.
- II Year EIE – 1 students from 10:00AM to 12:00PM along with S.Nagarjuna Chary and S.Bhargav, Asst.Professors , accompanied the students. 66 students have visited and got exposure on automation involved in making of solvent, cleaning of glass bottles and manufacturing of plastic bottles from sample holders, packing unit and many other modules and systems. Students got benefitted by detailed explanation on complete unit by their representative.

## BoS Meeting

- 9th Board of Students (BoS) meeting held in the department of EIE on 24-01-2019 at 10:30AM in Room No- B-221.

### Automation-Boon or Bane

Every coin has two sides. So does the enhancement in technology. When one side offers opportunities and confidence, the other plunges its harder truth in the fear of losing existing opportunities along with the white collar jobs. The Indian economy is in transition with the on-going impact of automation on the employment of certain population which are involved in industrial control and services sector. Though automation leads to creation of various new jobs (which are in need of high experience), the destruction of the jobs which are high in number with the present economic situation is even more concerning. Under controlled scenarios automation reduces the cost of a firm, leads to reduced corruption and bureaucratic discretion. It also increases the social economic infrastructural level which in turn attracts high range investments developing the country's national and international standards. Automation becomes a problem when higher number of jobs is at stake. The requirement of new jobs is freelancing at nature thus pressuring abnormal situations among employees. As we can clearly integrate the changes brought by this developing side of technology, let's hope for the right mix of solution to be brought in the varied interests of the economy as a whole.

### Message from HOD

Factual content and procedures that constitute the knowledge base of the discipline around the big ideas of the domain, links new knowledge to what is already known by presenting concepts in a conceptually and logically sequenced order that builds upon previous learning within and across grade levels. Some Interaction session are organized for faculty members of ECE & EIE like "Seizure Predictability and Study of sudden unexpected death in Epilepsy using machine learning and Association Measures", by Dr.Bharat K Karumuri (USA) and Psychological Counselling Session for of I, II & III Year EIE students is organized by "Roshni". Looking forward for an improved, bright and enthusiastic environment in the department.

## Events Organized

- Guest Lecture is organized for IV Year EIE Students on “**Virtual Instrumentation**”, by Mr. Ajit Choudhary, Senior Engineer Vision Development, from Optomech Engineers Pvt. Ltd., Hyderabad on 12-07-2019 at 2:00pm onwards.

**Mr. Ajit Choudhary, Senior Engineer Vision Development, at Optomech Engineers Private Ltd, while delivering his Lecture on “Virtual Instrumentation” to IV B.Tech EIE students.**

- Guest Lecture is organized for II Year EIE Students on in the Domain Instrumentation titled “Instrumentation Setup for Data Acquisition during Missile Launch”, by **Mr. M.Prashanth**, Engineer, at Advanced System Laboratory, Directorate of Strategic Systems and Instrumentation, DRDO, Hyderabad on 20th July 2019 at 11:00am to 12:00noon.

- Guest Lecture is Organized in the department for III Year EIE Students on “BIOMEDICAL SIGNAL PROCESSING” by Dr. Dr.C.B.Rama Rao, Professor, Dept.of.ECE, NIT Warangal on 26-07-2019 at 1:40PM to 3:10PM.

- Introductory Session is conducted to the faculty members on “Art of Living”. at 4:00PM on 05-07-2019 in room no C-201
- The Department of Electronics and Instrumentation Engineering has organizing a guest lecture on “Virtual Instrumentation” on 12th July 2019, for IV B.Tech EIE-I & EIE-II to educate them about Instrumentation involved in Applications of Labview and role of Instrumentation Engineers and Career Opportunities in Industries. The Resource person for the session is Mr.Ajit Choudhary, Senior Vision Development Engineer, at Optomech India Ltd, Hyderabad. He has about Four Years industrial experience in Optomech company

The guest lecture was focused on following topics

1. Induction Sealing Integrity Verification System, Bottle Inspection System,
2. Compact RIO,DAQ for test and measurement
3. Applications of above in Virtual Instrumentation
4. Role of Instrumentation Engineer in Labview companies
5. Career Opportunities in Optomech .

- Welcome & Introduction of Dept - HOD's, Mentors etc, Fresher Introduction on 6th Aug 2019 in room no-C-201.

- Interaction session for I Year EIE Students on “Meditation and Insights sessions”, by a Wing of the Brahma Kumaris, team from kukatpally, Hyderabad on 8th Aug 2019 in room no-C-201.

- A Talk for I Year EIE Students on “Life Skills Management”, by Dr. Raja Shekar in Auditorium on 10th August 2019.

- Orientation classes on Yoga Session for I Year EIE Students at Sports Complex on 16th Aug 2019.

- Motivation Lecture for I Year students on “The Art of Living”, by Mr.Vikram Manikya, Director, Wellness Program of the Art of Living International Centre , Bengaluru. On 24th Sep 2019.
- Guest Lecture for I Year students on “How they are different, how they are the same, and how they are related”, by Ms. Anca Castillo, Associate Director of Student Recruitment at Ira A. Fulton Schools of Engineering, Arizona State University (ASU), USA, On 25th Sep 2019 at K.S. Auditorium

## Faculty Participation

- Dr.C.Kiran, Assoc Professor,EIE has attended 1-day Faculty Development Program on “TiE GRAD 2019-20”, by TiE Hyderabad.on 13-07-2019 from 1:00pm to 5:00pm.
- Dr.K.Sudha Rani, Associate Professor EIE department has attended and published her paper in international conference, organized by ANURAG GROUP of INSTITUTIONS, Ghatkesar, from 26th - 27th July, 2019.The paper will be published in Scopus-Indexed journal “International journal of recent Technology and Engineering”.
- The following faculty members from EIE Department attended ISOI Award function at Matrusri college of Engineering, Hyderabad on 23rd August 2019.

V.Nageshwar, Assoc Professor

Anitha Kulkarni, Assoc Professor

J.Jyothirmai, Asst.Professor

S.Bhargav, Asst.Professor

- Dr.C.Kiran, Assoc.Professor, went to attend the Telangana Incubation’s meeting held at AIC Octo Spaces, Banjara Hills as a representative of VJ Hub. The theme of the event is “Challenges of Incubating a student startup”, on 28-08-2019
- Dr.C.Kiran, Assoc.Professor, EIE attended The Telangana Incubators Meet at AIC Octo Spaces, Banjara Hills, as a representative of VJ Hub. The theme of the event is "Challenges of Incubating a Student Startup", on 28-08-2019.

- Dr.C.Kiran, Assoc.Professor, EIE attended as a Selection Committee member for the "Innovation & Entrepreneurship Competition for Overseas Talents 2019" organised by Hangzhou Municipal Government, China at A-Hub in Ashoka Institute of Engineering & Technology on 31-08-2019.
- Dr.C.Kiran, Assoc.Professor, EIE attended the "Collegepond Uniconnect Global Education Fair" held at Hotel Marriot,Hyderabad on 14-09-2019.
- Faculty members from EIE Department attended a guest lecture on “EVALUATION REFORMS IN HIGHER EDUCATION – Learning to Better Assessment and Learning”, by Dr. C. Jyotsna, Assoc. Professor, H & S Det. Organized by IQAC in B-Block Seminar Hall on 13-09-2019 at 3:30PM.

Students visited manufacturing site and Quality assurance site in two batches. brief explanation of each equipment by the experts are very helpful to the students, Process control subject, AI subject concepts are thoroughly used in mylan industry

- 3rd Year EIE students went to local Industrial Visit to “Hyderabad Metro Rail, Nagole, Hyderabad”, along with 4 faculty members on 11-09-2019.

## BoS Meeting

- 10th Board of Students (BoS) meeting held in the department of EIE on 26-07-2019 at 10:30AM in Room No: B-208.

## Show and Tell

### The Board suggested the following points for UG & PG Courses:

- 1) The content of Advanced Calculus is not advanced.
- 2) Names of Mathematics Courses are suggested as Engineering Mathematics-1, Engineering Mathematics-2 etc.
- 3) Suggested to Include Thermal Physics, Nuclear Physics - material science removing redundant parts of Electronic Circuits 1  
Contents 6<sup>th</sup> Unit of BEEE is very concrete and high-end without learning the basics.
- 4) Basic Electronics must be an exclusive common subject with 3 credits - To be discussed in common BoS
- 5) Computational Methods may be named as Numerical Methods.
- 6) Suggested to include Measurement system: Applications and Design – by E.O.Doeblin, McGraw Hill Publications under references.

### Automation-Boon or Bane

Every coin has two sides. So does the enhancement in technology. When one side offers opportunities and confidence, the other plunges its harder truth in the fear of losing existing opportunities along with the white collar jobs. The Indian economy is in transition with the on-going impact of automation on the employment of certain population which are involved in industrial control and services sector. Though automation leads to creation of various new jobs (which are in need of high experience), the destruction of the jobs which are high in number with the present economic situation is even more concerning. Under controlled scenarios automation reduces the cost of a firm, leads to reduced corruption and bureaucratic discretion. It also increases the social economic infrastructural level which in turn attracts high range investments developing the country's national and international standards. Automation becomes a problem when higher number of jobs is at stake. The requirement of new jobs is freelancing at nature thus pressuring abnormal situations among employees. As we can clearly integrate the changes brought by this developing side of technology, let's hope for the right mix of solution to be brought in the varied interests of the economy as a whole.

Factual content and procedures that constitute the knowledge base of the discipline around the big ideas of the domain, links new knowledge to what is already known by presenting concepts in a conceptually and logically sequenced order that builds upon previous learning within and across grade levels. Some Interaction sessions are organized for faculty members of ECE & EIE like “Seizure Predictability and Study of sudden unexpected death in Epilepsy using machine learning and Association Measures”, by Dr. Bharat K Karumuri (USA) and Psychological Counselling Session for I, II & III Year EIE students is organized by “Roshni”. Looking forward for an improved, bright and enthusiastic environment in the department.

## Faculty Achievements

- Conducted Seminar on Higher Education in abroad for Instrumentation Engineering students by B. Prasanna Kumar from NEC, Hyderabad on 9th Oct 2019.
- 3-Day Workshop is organized for EIE faculty members on “Technical Paper Writing”, from 17th-19th Oct 2019. Two faculty members from the department submitted their papers in international Journal.
- Mr. P.Gopi Kumar, Asst.Professor, EIE got Ph.D (Part time) Admission in the department of Electronics and Communication at Annamalai University, Chambaram, Tamilnadu.

Name of the Supervisor - Dr. R.Manikanchan  
Research Topic - Embedded Systems  
University - Annamalai University, Chambaram, Tamilnadu.

- Mrs. D.Srilaxmi, Asst.Professor, EIE got Ph.D (Part time) Admission in the department of Electronics and Communication at Annamalai University, Chambaram, Tamilnadu.

Name of the Supervisor - Dr. B.Poonguzhali  
Research Topic - Bio Medical Instrumentation  
University - Annamalai University, Chambaram, Tamilnadu.

- Mrs. P.Sampurna Lakshmi, Asst.Professor, EIE got Ph.D (Part time) Admission in the department of Electronics and Communication at Annamalai University, Chambaram, Tamilnadu.

## Events Organized

- Department of ECE & EIE Organized a Guest Lecture on “Motivation and Goal Setting” on \_\_\_\_\_ for the students of II B.Tech ECE & EIE to enhance the vision on future, by Mr. Jaya Deva Rao, Motivational Speaker and Soft Skills Trainer, Hyderabad. on 6th January, 2020 in B- Block Seminar Hall.

Year	Section	Time	Faculty Members
II B.Tech	EIE-1 Students	11:00 AM to 1:00PM	Dr.M.Sreedhar, Dr.K.Vidya Sagar & Mrs.S.Vandana
II B.Tech	EIE-2 Students	2:00 PM to 4:00 PM	Dr.M.Sreedhar, Mr.C.V.Ram Babu, Mrs.J.Jyothirmai

- Five students of 3<sup>rd</sup> & 2<sup>nd</sup> year from the department were shortlisted for Idea Pitch as a part of the T-Tribe Academic Membership Programme at T-Hub, as the SPoC for T-Hub at VNRVJiet.

- 1) 17071A1026      Konduru Indu
- 2) 17071A1030      Likhita Reddy Kasa
- 3) 17071A1071      Damodar Darshan Kolla
- 4) 18071A1036      Mohd Farhan
- 5) 18071A1049      R Kaushik Rajan

- Guest lecture is organized for III Year EIE students on “Soft Skill Development”, by Ms. Disha Jain, Associate Consultant learning and development, Wipro. It is requested to permit us to conduct the guest lecture and allot B-Block seminar hall on 12-02-2020 from 01:40PM onwards.

- Dept of EIE has organized a guest lecture on “Innovation in Instrumentation Engineering (Chandrayan 2)” for the students of II B.Tech A & B Sections, by Dr. V.Seshagiri Rao, Distinguished (retd) Scientist ISRO on 12th of March, 2020 from 2:40 PM to 4:40 PM., 110/123 students attended.
- Dept of EIE has organized a training program for III Year EIE students on “Soft Skill Development”, by Ms. Disha Jain, Associate Consultant learning and development, Wipro, from 05-3-2020 to 7-3-2020 from 2pm to 5pm. 115/132 students attended the training.
- About 150 students from II, III and IV year registered for free/paid online course Era courses during lockdown period.

## Faculty Participation

- VNR Vignana Jyothi Institute of Engineering and technology (RC-1352) organized one day workshop on “**Arduino**”, by **Prof. G. V. V. Sharma of IIT, Hyderabad**. In collaboration with IIT Bombay, funded by the National Mission on Education through ICT, MHRD, G.O.I on 8<sup>th</sup> February 2020. 10 faculty members from EIE Department attended the workshop.

1. Dr.R.Manjula Sri	Professor & Head
2. Dr.K.Sudha Rani	Assoc.Professor
3. Mr.M.Hari Krishna	Assoc.Professor
4. Mr.V.Nageshwar	Assoc.Professor
5. Mr.K.Vijay Chandra	Asst.Professor
6. Mrs.S.Vandana	Asst.Professor

### Automation-Boon or Bane

Every coin has two sides. So does the enhancement in technology. When one side offers opportunities and confidence, the other plunges its harder truth in the fear of losing existing opportunities along with the white collar jobs. The Indian economy is in transition with the on-going impact of automation on the employment of certain population which are involved in industrial control and services sector. Though automation leads to creation of various new jobs (which are in need of high experience), the destruction of the jobs which are high in number with the present economic situation is even more concerning. Under controlled scenarios automation reduces the cost of a firm, leads to reduced corruption and bureaucratic discretion. It also increases the social economic infrastructural level which in turn attracts high range investments developing the country's national and international standards. Automation becomes a problem when higher number of jobs is at stake. The requirement of new jobs is freelancing at nature thus pressuring abnormal situations among employees. As we can clearly integrate the changes brought by this developing side of technology, let's hope for the right mix of solution to be brought in the varied interests of the economy as a whole.

### Message from HOD

Factual content and procedures that constitute the knowledge base of the discipline around the big ideas of the domain, links new knowledge to what is already known by presenting concepts in a conceptually and logically sequenced order that builds upon previous learning within and across grade levels. Some Interaction sessions are organized for faculty members of ECE & EIE like "Seizure Predictability and Study of sudden unexpected death in Epilepsy using machine learning and Association Measures", by Dr. Bharat K Karumuri (USA) and Psychological Counselling Session for I, II & III Year EIE students is organized by "Roshni". Looking forward for an improved, bright and enthusiastic environment in the department.

## Report on “Effective and Efficient Online Teaching in the Age of Corona” A Hands on Workshop

Ms. S.Vandana, Asst.Professor has attended online Effective and Efficient Online Teaching in the Age of Corona a Hands on Workshop conducted by IIT, Bombay under Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching.

The contents of the workshop are as follows

### **1. Flipped classes for online teaching, their relevance in the current situation, and how to conduct them**

#### **2. Tools to aid flipped classes:**

- a. How to create videos? Power point, OBS, Pen software (OneNote, Xournal)
- b. How to edit created videos? Open shot, windows movie maker
- c. How to reduce size of created videos? Open shot
- d. Where to upload course material: videos, slides, notes, quizzes: Google drive, LMS: Bodhi Tree
- e. How to manage and interact asynchronously with students via web and android app? LMS: Bodhi Tree
- f. How to interact synchronously (live) with students? Google meet, Zoom

### **3. Guidance in installation and operation of the above software tools**

After the online registration, the online study material was shared to the registered participants. If we have any queries then we can either post the query on the Bodhi Tree discussion forum or we ask their query during the online interaction with IIT Bombay course instructors. The workshop itself will be 4-hours of watching relevant pre-recorded videos with side-by-side learning, hands-on training, interaction with and help from course instructors. The Bodhi Tree platform supported *interactive learning*: there will be questions within each video, as well as questions outside the video. These questions will help us to learn a lot.

### Automation-Boon or Bane

Every coin has two sides. So does the enhancement in technology. When one side offers opportunities and confidence, the other plunges its harder truth in the fear of losing existing opportunities along with the white collar jobs. The Indian economy is in transition with the on-going impact of automation on the employment of certain population which are involved in industrial control and services sector. Though automation leads to creation of various new jobs (which are in need of high experience), the destruction of the jobs which are high in number with the present economic situation is even more concerning. Under controlled scenarios automation reduces the cost of a firm, leads to reduced corruption and bureaucratic discretion. It also increases the social economic infrastructural level which in turn attracts high range investments developing the country's national and international standards. Automation becomes a problem when higher number of jobs is at stake. The requirement of new jobs is freelancing at nature thus pressuring abnormal situations among employees. As we can clearly integrate the changes brought by this developing side of technology, let's hope for the right mix of solution to be brought in the varied interests of the economy as a whole.

### Message from HOD

Factual content and procedures that constitute the knowledge base of the discipline around the big ideas of the domain, links new knowledge to what is already known by presenting concepts in a conceptually and logically sequenced order that builds upon previous learning within and across grade levels. Some Interaction sessions are organized for faculty members of ECE & EIE like "Seizure Predictability and Study of sudden unexpected death in Epilepsy using machine learning and Association Measures", by Dr. Bharat K Karumuri (USA) and Psychological Counselling Session for I, II & III Year EIE students is organized by "Roshni". Looking forward for an improved, bright and enthusiastic environment in the department.

**Dr. R. Manjula Sree**

### Automation-Boon or Bane

Every coin has two sides. So does the enhancement in technology. When one side offers opportunities and confidence, the other plunges its harder truth in the fear of losing existing opportunities along with the white collar jobs. The Indian economy is in transition with the on-going impact of automation on the employment of certain population which are involved in industrial control and services sector. Though automation leads to creation of various new jobs (which are in need of high experience), the destruction of the jobs which are high in number with the present economic situation is even more concerning. Under controlled scenarios automation reduces the cost of a firm, leads to reduced corruption and bureaucratic discretion. It also increases the social economic infrastructural level which in turn attracts high range investments developing the country's national and international standards. Automation becomes a problem when higher number of jobs is at stake. The requirement of new jobs is freelancing at nature thus pressuring abnormal situations among employees. As we can clearly integrate the changes brought by this developing side of technology, let's hope for the right mix of solution to be brought in the varied interests of the economy as a whole.

Factual content and procedures that constitute the knowledge base of the discipline around the big ideas of the domain, links new knowledge to what is already known by presenting concepts in a conceptually and logically sequenced order that builds upon previous learning within and across grade levels. Some Interaction session are organized for faculty members of ECE & EIE like “Seizure Predictability and Study of sudden unexpected death in Epilepsy using machine learning and Association Measures”, by Dr.Bharat K Karumuri (USA) and Psychological Counselling Session for of I, II &III Year EIE students is organized by “Roshni”. Looking forward for an improved, bright and enthusiastic environment in the department.

## Faculty Achievements

- Dr.K. Vidya Sagar, Professor, EIE got Certificate for the outstanding paper award for paper titled "A Method of Cardiovascular Disease Prediction using Machine Learning" during ICRADL 2021 in the track of Applications of Deep Learning, Organized by the Department of Computer Science & Engineering, Shri Vishnu Engineering College for Women (Autonomous) Bhimavaram during 29-31, January, 2021.
- AICTE has sanctioned Rs. 1.92 lakhs to conduct a STTP on " Design and Structural Evolution of Advanced Functional Materials Suitable for Engineering Applications", during Feb. 15-20 & Mar. 01-06, 2021 Organized by DEPARTMENT OF ELECTRONICS AND INSTRUMENTATION ENGINEERING and CENTRE FOR NANO SCIENCE AND TECHNOLOGY (CNST). Program Coordinators: Dr. Chakravarthula Kiran, EIE Department. & Dr. L. Srinivasa Rao, H & S Department.
- Mrs.D.V.Shobana, Asst.Professor,EIE going for QIP Programmee in Ph.D at Anna University, Chennai.
- Mr.B.Goutham, Asst.professor, EIE got admission in Ph.D at NIT Warangal.
- G.Vamsi Krishna,Asst.Professor, has participated and got certificate for successfully completion of AI Master Class using MATLAB conducted by Pantech Prolabs India Pvt.Ltd during 18<sup>th</sup> Jan 2021 to 1<sup>st</sup> Feb 2021.
- Dr. Chakravarthula Kiran (Assoc. Prof.-EIE) and Damodar Darshan Kolla (17071A0071) IV B.Tech. EIE student has successfully completed and got certificates in Entrepreneurial Education Professional Development Workshop during 15th Jan 2021 to 13th Feb 2021.
- Dr. Chakravarthula Kiran (Assoc. Prof.-EIE), went to attend the seminar for the Semi-final round of swadeshi Microprocessor Challenge- A team comprising of a student's of IV Year EIE and an alumnus of EEE on 10-02-2021.
- Dr. Chakravarthula Kiran (Assoc. Prof.-EIE), Prof. G. Ramesh Chandra (Head-RCC), Dr. C. Naveen Kumar (Asst. Prof.-CE), Dr. C. Thirimal (Asst. Prof. Phys.-H&S), and Mr. R.

Sravanth Kumar (Asst. Prof.-ECE) attended the Session-3 of Workshop on Intellectual Property conducted by T-Hub on 12-02-2021.

- S.Vandana. Asst.Professor, attended and presented paper in online international conference ICAMCM 2021, Jaipur, Rajasthan during 19th -20th February 2021.
- Dr. Chakravarthula Kiran (Assoc. Prof.-EIE), went to deliver a Talk at EdifyPath in HITEC City as a part of Edify Talks on 9th Feb 2021. Also interacting with EdifyPath founders to peruse their studio setup for recording of courses and consider potential collaboration aspects already proposed
- Mrs. D.V.Shobana, Asst.Professor, EIE got selected for Ph.D admission in Department of Electrical Engineering at Anna University, Chennai under Quality Improvement Programme-2020-2021.
- Mr. B.Goutham, Asst.professor, EIE got admission in Ph.D at NIT Warangal.
- Dr.K.Sudha Rani, Assoc Professor guiding Ph.D Scholar as Co-Supervisor,

## Events Organized

- Department of Electronics and Instrumentation Engineering in collaboration with Centre for Nano Science and Technology (CNST) is organizing **AICTE-Sponsored 2-Week Online Short Term Training Programme on “Design and Structural Evolution of Advanced Functional Materials Suitable for Engineering Applications”**, from **15<sup>th</sup> to 20<sup>th</sup> February 2021 & 01<sup>st</sup> to 06<sup>th</sup> March 2021**.

AICTE-sponsored, 2-week Online Short-Term Training Programme on “Design and Structural Evolution of Advanced Functional Materials Suitable for Engineering Applications” was jointly organized by Department of Electronics and Instrumentation Engineering (EIE) And Centre for Nano Science and Technology (CNST) during 01<sup>st</sup>–06<sup>th</sup>, March 2021 (spell-2).

The online training programme was attended by over 80 faculty members and researchers around the country. Dr. T. VenkatappaRao, Associate Professor of Physics, NIT Warangal has attended the valedictory function as its Chief Guest and conveyed the importance of advanced functional materials.

**Impact of the programme:** During the Spell-2, the resource persons have trained the participants in the following topics:

1. Developing inorganic nanomaterials
2. Thin films technology: From an Engineering perspective
3. Processing of Electro ceramics in Bulk and Thin Films
4. Synthesis of Functional Polymers
5. Biomaterials for Engineering Applications
6. Materials for 3D Printing
7. Materials for energy harvesting
8. Density functional theory for modelling and computation
9. Device Self-heating Effects in sub-deca-nanometer Logic Transistors
10. Semiconducting materials for MOSFET and VLSI System design

11. Building Materials (Foam concrete)

12. Current Research on Biodegradable Materials

Moreover, the participants have been tested by conducting objective type of the self-assessment test and assessment test in the online mode.

**After completion of STTP (Spell-2),** the participants may be able to:

1. Understand the safe, eco-friendly and low-cost process of designing and synthesizing the materials such as Inorganic Nanomaterials, Functional Polymers, Materials for 3D-printing, Bio-degradable Materials etc.
2. Comprehend the Thin films technology, Semiconductor design, Modelling of materials structures etc.

Realize the Engineering Applications of the Advanced Functional Materials

### Automation-Boon or Bane

Every coin has two sides. So does the enhancement in technology. When one side offers opportunities and confidence, the other plunges its harder truth in the fear of losing existing opportunities along with the white collar jobs. The Indian economy is in transition with the on-going impact of automation on the employment of certain population which are involved in industrial control and services sector. Though automation leads to creation of various new jobs (which are in need of high experience), the destruction of the jobs which are high in number with the present economic situation is even more concerning. Under controlled scenarios automation reduces the cost of a firm, leads to reduced corruption and bureaucratic discretion. It also increases the social economic infrastructural level which in turn attracts high range investments developing the country's national and international standards. Automation becomes a problem when higher number of jobs is at stake. The requirement of new jobs is freelancing at nature thus pressuring abnormal situations among employees. As we can clearly integrate the changes brought by this developing side of technology, let's hope for the right mix of solution to be brought in the varied interests of the economy as a whole.

### Message from HOD

Factual content and procedures that constitute the knowledge base of the discipline around the big ideas of the domain, links new knowledge to what is already known by presenting concepts in a conceptually and logically sequenced order that builds upon previous learning within and across grade levels. Some Interaction session are organized for faculty members of ECE & EIE like "Seizure Predictability and Study of sudden unexpected death in Epilepsy using machine learning and Association Measures", by Dr.Bharat K Karumuri (USA) and Psychological Counselling Session for of I, II & III Year EIE students is organized by "Roshni". Looking forward for an improved, bright and enthusiastic environment in the department.

## Guest Lectures

- Online Webinar is organized for 2<sup>nd</sup> & 3<sup>rd</sup> year students of ECE, EIE & EEE on “**Insight into IoT**”, by Mr. N.Venkatesh, Senior Director, Engineering, Silicon Labs, Hyderabad during 16<sup>th</sup>, 17<sup>th</sup>, 19<sup>th</sup> & 23<sup>rd</sup> Nov 2021. under AICTE-IANE- Distinguished Visiting professor VNRVJIE

- Diagnosis Test of Oxford University is conducted for III & IV Year lateral entry students on **“English Certification Course”**, on 17-11-2021. 24 LE students from the department written online test.

- Department of Electronics & Instrumentation Engineering in association with ISOI student chapter organized **POSTER PRESENTATIONS on “REDESIGN YOUR WORLD”**, for faculty and students at **SHOW & TELL (Panda Punnaiah Square)** on 20<sup>th</sup> November 2021 at 2:30pm.

- Robotics Training Programme-Display of models by IV Year EIE Students.

- A Special Session on “Mind Management”, is organized for 3rd Year Students by Mr. Manas Ram, Cognitive Behavioral therapist, Life Coach, NLP Practitioner on 07-12-2021 from 11:30AM to 1:30PM in K.S. Auditorium.  
83 students from 3rd year EIE (both sections) and two faculty members attended the session.
- Interaction Session is conducted for III Year EIE Students on “GATE, GRE, TOEFL, IELTS, MBA and other competitive exams”, by Mr. David.J.Xavier, Asst. Manager and his team from T.I.M.E Institute, secunderabad on 10-12-2021 during 11:00AM to 12:00Noon.
- Guest Lecture is organized for EIE students on “Bio-Inspiration: An interdisciplinary approach for nature inspired innovation”, by Dr. Amarnath Surapaneni, Post-doctoral Researcher, Max Planck Institute of Colloids and Interfaces, Germany in Room no-C-205 on 11th Dec 2021 at 2:00PM to 4:00PM.

- Dr.K.Sudha Rani & Dr.C.Kiran, Assoc Professors, participated as mentors for student teams in Robothon Inter-College of Robotics Competition- 2021 at Military College of Electronics and Mechanical Engineering (MCEME), Secunderabad during 17th & 18th Dec 2021.
