### INTERNSHIPS & PLACEMENTS

Placements are offered by MNCs and Core CSE companies with high packages to students. Various companies such as Accenture, DEFTEAM, TCS, Infosys, Avast Technologies, Horizon Technologies, Eenadu television pvt.ltd, Amazon, Purpletalk etc have recruited our students.

Internship opportunities have been provided for PG students by various companies. The students get a platform to work with companies and get enlightening experience while working closely in real projects. Many students are pursuing internships with Genpact and DEFTEAM which are extended as a full-time position against Pre-placement Offers.

In response to the pandemic, the placement team promptly decided switching to virtual mode of placement and internships to help students find jobs. **Fortune 500 Companies** have hired our students. The wide array of employers that hire our students is remarkable, representing our students' potential and ingenuity in shaping their careers.
