

## Minor Degree programs

Maximize your Academic potential  
&  
Enhance your Career Opportunities

## Minor Degree Programs offered

01 Artificial Intelligence & Machine Learning

02 Cyber Security

03 Data Science

04 Internet of Things

05 Innovation & Entrepreneurship

## Branches of Engineering offering Minor Degree Programs

- 
- ❑ Civil Engineering
  - ❑ Mechanical Engineering
  - ❑ Electronics & Instrumentation Engineering
  - ❑ Electrical & Electronics Engineering
  - ❑ Electronics & Communication Engineering
  - ❑ Automobile Engineering

## Branchwise - Minor Programmes offered

\* Innovation & Entrepreneurship is offered by all branches

\* Note: From III year onwards

Autonomous Vehicles  
Advanced Driver Assistance System (ADAS)  
Predictive Maintenance  
Intelligent Transport Systems  
Vehicle Diagnostics  
Energy Efficiency & Emissions

### AI & ML

Self driving vehicle algorithms  
Vehicle quality management  
Customer Analytics  
Vehicle Diagnostics  
Energy Efficiency & pollution

### Data Science

Intrusion detection and prevention systems  
Behavioural analytics & anomaly detection  
Secure communication protocols  
Over-the-air software updates  
Red Team Testing  
Security by Design

### Cyber Security

Fleet management & Telematics  
Connected Cars  
Predictive Maintenance  
Vehicle Infotainment  
Semi Autonomous vehicles

### Internet of Things

- 01 Bolster your resume that will set you apart from your peer group in job placements
- 02 Pursue the courses which you are passionate about
- 03 Complement your B.Tech course with extra knowledge
- 04 Stay relevant and updated about emerging technologies
- 05 Diversify into any of the specializations in your higher education
